Tugas Pendahuluan Modul 11

PEMROGRAMAN BERORIENTASI OBJEK – Ganjil 2025/2026 - Java Server Page

Regist.jsp

The screenshot shows a web browser window with the address bar displaying 'localhost:8080/index/index.jsp?page=register'. The page content includes a title 'TP Mod 11' and two navigation links: 'Login' and 'Register'. The 'Register' link is underlined, indicating it is the active page. Below the links is a registration form with three input fields: 'Email address', 'Password', and 'Confirm Password'. A blue 'Register' button is positioned below the 'Confirm Password' field.

Bagian C

1. Pada index.jsp, atur agar saat tab diklik, pengguna diarahkan ke URL berikut:

- Untuk tab login → `http://localhost:8080/[nama project]/index.jsp?page=login`
- Untuk tab register → `http://localhost:8080/[nama project]/index.jsp?page=register`

2. Untuk menampilkan isi halaman Login atau Register di index.jsp, gunakan mekanisme JSP untuk menyisipkan konten dari login.jsp atau register.jsp berdasarkan parameter page sebagai berikut

Output:

Indeks.jsp

```
<%
    String p = request.getParameter("page");
    if (p == null) {
        p = "login";
    }
%>
